Low-Effort Miami Day Planner

Use the row that sounds most like the day in front of you. The goal is not maximum coverage. It is a cleaner first decision.

CHOICE	USE IT WHEN...
One meal	Lunch, coffee, or dinner can carry the outing by itself.
One walkable area	Let one district gather the food, movement, and atmosphere.
One waterfront reset	Use water and air for quick payoff without a full beach campaign.

ONE RULE THAT SAVES THE PLAN

Lower effort is not lower quality when it is the version you will actually enjoy.

Before You Go

CHECK THESE FIRST

- ☐ Pick the easiest useful center.
- ☐ Keep driving and switching low.
- ☐ Make food simple.
- ☐ Do not add a second identity to the outing.
- ☐ End while the day still feels easy.

IF THE DAY SHIFTS

Make the plan even smaller. Turn support into the center instead of adding a replacement stop.

FAST EXIT CUE

If the optional part starts to feel like obligation, cut it before relocating the whole outing.

WRITE THE PLAN

The easiest useful center: _____

What we are not adding: _____

Our leave point: _____
